All wallets will be die-cut at no additional charge. Please specify if you do not want die-cut on work order bag.

CAUTION: Almost 1/8" is cut from each side of the wallets during die cutting. Do not order if important parts of the photograph, such as head, ears, hands, etc, are near any edge of the print. If die-cut is not specified wallets will be returned in units.

IMPRINTING

A variety of styles and colors for imprinting are available. We offer three different ways to personalize the wallets. They are as follows; white overlay, color overlay, gold or silver overlay and gold foil.

IMPRINT TYPE	SET-UP	ADD'L
WHITE OVERLAY	\$1.00	N/A
COLOR OVERLAY	1.00	N/A
GOLD/SILVER OVERLAY	3.50	N/A

Imprinting is usually done in the lower right corner unless specified. It can be placed anywhere on the wallet and can be done in block or script type. If no type is specified, we will use script.

FINISHING SERVICES

LAQUER SPRAYING

Available in Luster. When large quantities are sprayed at one time, you can deduct 50% off prices quoted

PRINT MOUNTING

Prints are mounted on acid free Art Board, Foam core, or Masonite when using canvas. Triple weight is used on 11 x 14 larger. Normally on 24 x 30 or larger we recommend the use of Foam Core because it is not affected by humidity conditions that can cause warping in products such as art board.

CANVAS MOUNTING

Your prints are printed on artists' canvas for a truly rich look, Masonite then wrapped edges for maximum stability. With all canvas mounted prints we highly recommend a finish coat of spray to seal and protect prints. Please don't confuse this product with the lower end product called canvas board. We cannot be responsible for differences in canvas materials.

It is inserted onto a 3x5" solid walnut base with a gold figure that corresponds to each sport or activity. An engraved plate is offered to your customer to add personalization to the statuette. When shooting statuettes, photograph the subject full length. The finished product looks more attractive if you try to keep items like batons, bats, fingers, etc. in front of the subject. Items such as these become very unattractive when the background is cut away and these items such as batons become weak and are easily broken. **Cut-Out Magnets** are great sellers for mom's refrigerator or school lockers. A 4x5" print is mounted to very dense acrylic then cut and mounted to magnets. **Team Cut-Outs** make great gifts for coaches, managers, etc. Team prints are mounted to acrylic then cut and placed on a wood base.

BOND STUDIO

Children don't read
to find their identity,
to free themselves
from guilt,
to quench the thirst for
rebellion or to get
rid of alienation.
They have no use
for psychology....
They still believe in God,
the family, angels,
devils, witches,
goblins, logic, clarity,
punctuation,
and other such
obsolete stuff....
When a book is boring,
they yawn openly.
They don't expect
their writer
to redeem humanity,
but leave to adults
such childish illusions.
